### Description

**Enrise™** Syrup has made from a combination of many herbs that have proven their effectiveness in a well-timed and scientific way.

***Sida cordifolia***: *Sida cordifolia* contains ephedrine, acts as a CNS stimulant. It produces strength and encourages muscular tone. *Sida cordifolia* is also effective as an anti-asthmatic as it contains some bronchodilating alkaloid.

***Withania somnifera***: Root contains several alkaloids like withasomines, withanolides and steroidal lactones. It is adaptogenic, anti-inflammatory, immunomodulator, tonic and aphrodisiac.

***Vanda roxburghii***: The roots are used in bronchitis & rheumatism. Heptacosane and octacosanol shows anti-inflammatory activity.

***Ricinus communis***: Eranda is sweet, light, bitter and purgative. It is a reputed remedy for all kinds of rheumatic affections. It cures dyspnoea, flatulence, visceral pain and headache.

***Elettaria cardamomum***: *Elettaria cardamomum* has Tonic, carminative and stimulant properties.

***Syzygium aromaticum***: The eugenol and acetyl eugenol of *Syzygium aromaticum* oil inhibit arachidonate-adrenaline and collagen induced platelet aggregation.

***Vetiveria zizanoides***: It is tonic, diuretic, stomachic and antispasmodic. It contains essential oil with some other alkaloids, which act on dyspepsia, indigestion, diarrhea and vomiting.

***Tribulus terrestris***: Seed acts as a tonic. It improves vitality and luster of the skin to prevent wrinkle. It also acts as a uterine tonic and used in debility after parturition.

***Woodfordia fruticosa***: It is a popular medicinal plant useful in various ailments including bowel disorders

***Ipomoea paniculata***: It has several medicinal properties like Cholagogue, galactagogue, aphrodisiac, demulcent and purgative.

***Paederia foetida***: It has medicinal properties like antidiarrheal, anti-inflammatory, antispasmodic, anthelmintic, antitussive, antioxidant, hepatoprotective activity.
